THE WORLD'S
EXPORT HUB

BHARAT FIRST

Bharat's Gateway to the Global Plastics Market

A Nation Rising as a Plastics Export Hub

India has transformed from a consumer market to a global powerhouse, supplying plastic machinery solutions that fuel industries worldwide.

From world-class polymer producers to cutting-edge machinery manufacturers for extrusion, moulding, and recycling - India powers every stage of the plastics value chain.

From packaging solutions shaping Europe, to automotive components fuelling Asia, to medical devices exported to the Americas - Bharat's plastics and machinery are driving progress worldwide.

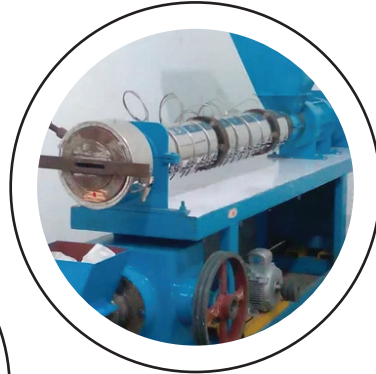

Plastfocus 2028 brings this story of **India's rise as a plastics and machinery powerhouse** directly to global buyers, investors and exhibitors.

India's Excellence in Plastics

Our journey is built on a foundation of world-class capabilities:

- 🌐 **World-class raw materials**, from polymers and resins to speciality additives.
- 🌐 **Advanced plastics machinery & automation**, extrusion, moulding, recycling, printing and packaging equipment that make production faster, cleaner, and more cost-efficient.
- 🌐 **Cutting-edge recycling and circular solutions** enabling sustainable growth and driving circular economy.
- 🌐 **High-quality finished goods**: packaging, automotive components to, medical devices, and consumer products which are trusted across global markets.

Together this end-to-end ecosystem makes India the **perfect partner for the plastics and machinery needs**, and **Plastfocus 2028** is where you can experience this opportunity first hand.

The Global Export Scenario

The world is looking to India:

Total plastics exports rose about **8%** year-on-year, from **USD 11.5 billion** in FY 2023-24 to **USD 12.5 billion** in FY 2024-25.

USD 4.26 billion shipped in just four months, a **7.6% rise** from last year, showing strong momentum.

Major destinations: **USA, Europe, Middle East, Africa, China, Latin America** etc. The market to reach **USD 77.0 Billion** by 2033, exhibiting a growth rate (CAGR) of 6.4% during 2025-2033

India's plastics exports grew **8% YoY**, reaching **USD 12.5 billion** in FY 2024-25 - evidence of its

India Is Swiftly Emerging as The Trusted Global Plastics Hub

Plastfocus 2028 connects exhibitors with global buyers from the highest growth markets helping you accelerate exports and partnerships.

India's Plastics Industry Drives Global Growth Across Every Category!

Categories	Countries of Export
Machine Manufacturers (plastic processing / plastic machinery)	Germany; Kenya; United Arab Emirates (broader machinery markets also include USA, UAE, Germany).
Raw-material suppliers (polymers: polyethylene, polypropylene, etc.)	China; Nepal; United Arab Emirates; Vietnam; Egypt (major importers of Indian primary polymers).
Moulds & dies (injection / die-mould / tooling)	Nepal; Kenya; United Arab Emirates; (also shipments to US/Germany depending on sub-product).
Finished plastic products (housewares, packaging, films, sheets, consumer articles — HS 3923/3926 etc.)	United States; Germany; Vietnam; United Arab Emirates; United Kingdom (major buyers of Indian finished plastic articles).
Recycling & green solutions (recycled plastics, recycling plants & equipment)	Recycled plastic shipments (where exported): United States; Russia; UAE. Recycling plants / equipment: United States, Sri Lanka, Bangladesh (transactional/shipments data varies by subcategory). Global flows of plastic waste also show Europe & "Other Asia" as major regions.

The Bharat Advantage: Engineering Tomorrow's Solutions

Why the world chooses India

Globally Competitive manufacturing costs, without compromise on quality.

Supportive government policies accelerating export growth.

Skilled engineers and innovators shaping future-ready solutions.

Strong infrastructure and seamless global trade connectivity.

At **Plastfocus 2028**, exhibitors showcase their innovations with **India's competitive advantage to the world.**

ROI-driven pricing ensures every exhibitor - from MSME to global leader - gains maximum visibility

World-class exposure designed to attract buyers, sourcing houses, and global trade partners

Dedicated MSME focus to empower small businesses and ensure inclusive growth across the industry

Show Highlights

300+ machines live in action, powered by **25 MW power**, a true factory-floor one-of-a-kind experience.

Participation from **90+ countries.**

Buyer-seller meetings with sourcing houses and trade bodies.

Knowledge sessions on global markets and export strategies.

Sustainability focus with bioplastics, recycling, and green solutions.

Vision 2047

The plastics industry aims to reach approximately USD21.11 billion in consumption and USD19.75 billion in production by the fiscal year 2047-48, while creating 9.25 lakh jobs.

The plan focuses on advancing technology, promoting collaboration between industry and academia, facilitating skill development, encouraging R&D, and proposing a dedicated ministry to support innovation. A key initiative is the development of BioPlastics through international partnerships.
